# The Kansas City Stock Yards

Are the most commodious and best appointed in the Missouri valley. The fact that higher prices  
are realized here than in the east is due to the location at these yards of eight packing houses, with  
an aggregate daily capacity of 3,000 cattle and 57,000 hogs, and the regular attendance of sharp,  
competitive buyers for the packing houses of Omaha, Chicago, St. Louis, Indianapolis, Cincinnati,  
New York and Boston. The eighteen railroads running into Kansas City have direct connection  
with the yards.

My horses were selected direct from the breeders of Europe, and are descendants of the  
most noted prize winners of the old world. I paid spot cash for all my stock and got the best at  
great bargains and I was not obliged to take the refuse from dealers at exorbitant figures in order to  
obtain credit, thereby enabling me to sell better animals at better prices, longer time and a lower  
rate of interest than almost any other dealer in America.

I have also the most superior system of organizing companies and stock syndicates in this  
country, and insure satisfaction. I call especial attention to my references. By these it will be  
seen that I am not handling on commission the refuse horses of dealers in Europe. With me you  
get a square transaction, a good animal, a valid guarantee, and will cooperate with any firm in  
America on prices and terms besides.
